---

In relation to my application for volunteering with CARING for Children, a program of CARING, I understand that, as a condition of CARING considering my application, inquiries will be made into my background. I understand that CARING will be requesting this information from various federal, state, and other private- and public-sector agencies that maintain records, which inquiries will concern my past activities relating to, among other things, my education and criminal history, if any, and similar information that pertains to my suitability as a direct care worker, as provided by Florida, Iowa, Louisiana, North Carolina, Oklahoma, Texas, Vermont or other applicable state or federal law, including any information available as public record. I understand that, if selected, this information will be accessed periodically during my service for review purposes. I also acknowledge receipt of a Summary of my Rights under the Fair Credit Reporting Act ("FCRA"), and that, to the extent there is any conflict between this form and the Summary, my rights, as described in the Summary, shall prevail.

By giving me this form, CARING has represented to me that CARING will only use any information gathered through this process for purposes related to my service with CARING and only in conformity with the FCRA, the FACT Act, or any other federal or state law or regulation applicable to my potential (or, if hired, actual) service with CARING. Accordingly, I authorize, without reservation, any party or agency contacted by CARING (or by any firm or other person CARING may employ for this purpose), to furnish the above-mentioned information in accordance with the FCRA and any and all other pertinent federal and state laws. I hereby specifically consent to CARING obtaining a background screening through Active Screening, or any such other person or firm CARING may designate from time to time, and that such background screening may constitute CARING's procurement and receipt of a "Consumer Report", an "Investigative Consumer Report" or both, as those terms are defined in the FCRA.
